- Would you like to be part of a team that support 5 ladies with different social and daily living experiences?
- Would you like to be part of a supportive team that maintain a high level of communication and supportive network?
- Would you like to give the people we support the opportunities and experiences that life has to offer?

If the answer is YES then why not make a difference and join our Thistle family...

The people we support live in their own homes in Edinburgh and receive Reachout support that we provide.

You would be expected to build relationships with the individuals and promote their inclusion to the community as well as the events or other groups that they may participate in. There would be a need for minimal personal care support.

Contracts of between 20 and 25 hours per week are available. Some of the people have support Monday to Friday only. Others have support only at the weekend.
