We are currently looking for 2 male* Personal Assistants to join the team of PAs that supports a young man who lives in his own home in the Craigmillar area of Edinburgh. He receives support 24/7 from his dedicated team.

He enjoys walking, being outdoors and keeping active. He loves to ride his adapted bike and the team have bicycles available for their use so they can accompany him.

A driving licence would be preferred for this post as the young man has his own car. He is very close to his parents and visits them on a regular basis.

He has epilepsy, which is well managed by medication. Full epilepsy training will be provided. This young man requires a consistent approach from his team support to reduce situations that might bring about feelings of anxiety, which can manifest in behaviour that can challenge the team.

The 20 hours will be comprised of shifts on a rota basis decided by and agreed upon by the team. Between 9am and 5pm Monday to Friday support is provided on a 2:1 basis.

If this post appeals to you but you are seeking more or less than 20 hours please do apply because we may still be able to offer you a post subject to other applicants' requirements.
